

BELARDE, ANGELO SAMUEL C.

ASSOCIATE MOBILE DEVELOPER

PROFILE

Enthusiastic and detail-oriented Android Developer with a Bachelor's degree in Information Technology. Proficient in Java, and Android SDK, with hands-on experience in developing user-friendly mobile applications through academic projects and personal initiatives. Familiar with Firebase integration, UI/UX design principles. Eager to contribute to a dynamic development team and grow professionally in a fast-paced mobile app environment.

WORK EXPERIENCE

On the Job Training Experience DTI Camarines Sur Provincial Office Android Developer Intern

Jan 2025 -May 2025

- Developed two Android applications: a Geotagging App for mapping/location tagging and a Public Information App for community announcements.
- Integrated RESTful APIs to fetch and display real-time data within the apps.
- Used Java, Android Studio, Firebase, and Google API for development and backend services.
- Implemented core features such as user authentication, real-time database updates, and geolocation tracking.
- Gained hands-on experience in debugging, testing, and following Android development best practices.
- Collaborated with team members and mentors, enhancing communication and problem-solving skills.
